At the first quarter the Crescents led by half a ength, Columbias second, and Fairmounts third. The three crews were soon together, and a foul was imminent, but the Columbias pulled out, and at the end of the mile the Fairmounts had gone to second place. A pretty contest followed between the Columbias and Fairmounts but the Washing. the Columbias and Fairmounts, but the Washington boys got warmed to their work and crossed the line winners by four lengths in 9:294. Fairmounts second, and the Crescents far behind. The crowd of Washington people present greeted this victory with cheer after cheer.

OTHER EVENTS. The second race was for pair oars, and was won by the Ariels, of Newark, N. J., in 10:111; West Philadelphias second. The Bachelors, of Philaielphia, gave up at the end of the half-mile. Dempsey, of the Fairmounts, of Philadelphia, was the only entry for the single scull race, and he rowed over the course in 10:10. The fourth race was for four-oared gigs, with

coxsweins, in which were entered the Ariels, of Newark, and Crescents, Pennsylvanias, Vespers takes to himself the credit of breaking down the and Fairmounts, of Philadelphia. The fifth race, for double sculls, was between the Crescents, Quaker City, and Metropolitans of New York. The latter won easily in 9:50. COLUMBIA WINS THE EIGHT-OAR RACE.

The last race of the day was the one for eightoared shells, in which the Columbias had for their antagonist the famous crew of the Metropolitans of New York. The prizes won by our boys, which were ited at the Colon nade hotel last evening, consist of thirteen individual medals and banners for the Revolutionary Symptoms in France,

WASHINGTON ARCHERS WIN A PRIZE. The representatives of the Potomac Archery club acquitted themselves very handsomely at the archery meet at Fair mount park. The match was at 60, 50 and 40 yards, 60 shots at each distance. The highest score made was that of Bonnell, of Brooklyn, who made 164 hits, counting him 825 points. Mrs. Gibbes, championess of America, scored at the double Columbia round hits 131, score 725. In the flight contest Washington carried off the honors, Messrs. Flint and Maxson tying each other at 276% yards. As the prize, a target and stand, could not well be divided, these gentlemen agreed to present it to the club upon their return home. The two archers from the District of Columbla take in three out of the twelve prizes given attack the banks and public buildings. Measure at the meet.

THE CAPITAL BICYCLE CLUB WINS MORE GLORY FOR WASHINGTON. The Capital Bicycle Club also did its share in Winning glory for Washington. About 400 wheelmen, representing a score of clubs, took part in the procession in Fairmount park. They met at the Columbia avenue entrance, and after a run through the park had dinner at Belmont mansion. At three o'clock the blcyclists engaged in races and other contests at the gentlemen's driving park, in the presence of about 8,000 spectators. A squad of eight men from the Capital club gave a club drill, giving many difficult evolutions. The performance was a very pretty one, and was roundly applauded. As the Capital club was the only one that took part in the drill, the prize was of course awarded to them. The club, or its representatives, did not take part in any other contests

except the fancy riding, in which Rex Smith, of Washington, was one of the contestants. The prize went to Cope, of Swathmore College. THE GRAND RECEPTION. The Academy of Music was crowded last night with a brilliant company, the guests of the Philadelphia commanderies Knights Templar, on the occasion of the reception with which the knights brought to a close their portion of the Bi-centennial demonstrations.

ENGINEERS U. S. A. The report of Gen. H. G. Wright, chief of englneers, United States army, sets forth in strong terms that this country has no seacoast or lakeshore defenses worty of the name, no appropriations having been made by Congress for new works or improvement of old ones for many years.
